At QUANTIQ, we understand that often the fear of the process is what puts organisations off modernising their operations and are delighted to have developed a solution which gives you the flexibility to start with the functions you need right now and adapt as your business grows.

If you are an organisation who needs a quality, modern Customer Engagement Platform solution with best in-class functionality read on!

What is Customer Engagement QuickStart?

Customer Engagement QuickStart is QUANTIQ's configuration and implementation of **Microsoft Dynamics 365 Sales and Customer Relationship Management**. Developed by our expert team to be well defined and easy to understand - pulling together capabilities around the specific areas of the application and grouping them together, allowing you to choose only the components that relate to your business requirements.

With a flexible design, new capabilities can be added as your business grows.

Customer Engagement QuickStart has been designed to deliver business benefits to your organisation in weeks rather than months. The QuickStart Methodology allows QUANTIQ to deliver a low cost rapid implementation of Microsoft Dynamics 365 Sales. Allowing you to release the business benefits quicker and drive sales productivity and sales volume right from the start!

QUANTIQ's Customer Engagement QuickStart - The Process
